Refuses to Run For Governor Because of Republican Fuss.

Columbus, Ohio, July 28.—Inability to reconcile the factions of the Republican party in the state is given as the reason by Judge E. B. Dillon, of Columbus, Republican nominee for the governorship, for his withdrawal from the race. Yesterday he announced he would present his withdrawal to the Republican state committee next Wednesday. He telegraphed the following from Macinac Island:

from Macinae Island:

ed the nomination in the full presumption and belief that my acceptance would mean a united party and a single ticket in Ohio.

"All endeavor in that behalf has failed despite the kind offices of my friends in each following of the party. The measure of justice due me, even though a mere individual, requires my resignation as nominee for governor and the same will be presented to the state central committee at its next meeting Wednesday."

The committee is empowered to fill the vacancy, but it is reported that the committeemen may decide to call the convention together again to name a candidate.

convention together again to name a candidate.

Judge Dillon was named in the second session of the Republican state convention July 2, and his name was put forward as a compromise after numerous ballots had failed to give a majority either to A. L. Garford, of Elyria; Lawrence K. Landon, the Taft candidate, or B. H. Kroger, who received the individual support of Cincinnati's delegation.

Harry M. Daugherty of Columbus and Waren G. Harding of Marion were mentioned today as possible nominees.

Roosevelt Party.

New York, N. Y., July 22.—Charles D. Hilles, formerly secretary to president Taft and now chairman of the Republican mational committee, gave out the following statement:

"The only possible justification of the avowed efforts of the third term party leaders to induce the Republican electors in at least six states to betray their trust and cast their votes in the electoral college for ex-president Roosevelt would be the truth of the charge that president Taft was nominated by the fraudulent seating of a sufficient number of delegates to affect the choice of the national convention.

"Copies of the complete statement will be available to all who write for them to the Republican national committee at its headquarters. The document furnishes all the facts in every contest."

#### PROGRESSIVES OF NEW MEXICO MEET

Holding State Convention Today to Select Delegates to Chicago.

Albuquerque, N. M., July 29.—With all of the 26 counties of New Mexico represented, the first Progressive state convention met here this afternoon for the purpose of selecting four delegates to represent this state in the national convention at Chicago, August 5. It is probable that the delegates will go uninstructed, since there is a strong Sentiment against the endorsement of Col. Roosevelt.

The Progressives of New Mexico have

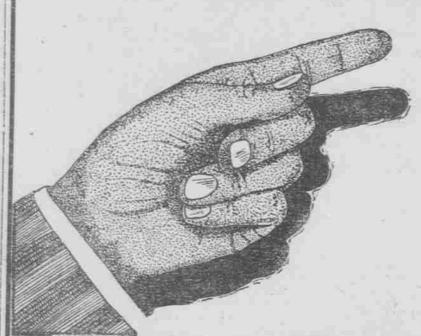

The Progressives of New Mexico have been thoroughly organized for the past two years under the title of the Progressive Republican league, which took an active part in the campaign for the election of state officers last November. At a cancus this morning, the machinery of the league was formally turned over to the Progressive party and the league passed out of existence. The two men most prominently men-

tioned for the congressional nomination are Maj. E. P. Bujuc, of Eddy county, and John Baron Burge, of Bernalillo. Bujac served with Roosevelt in Cuba and later under Taft in the Philippines. Burge is a member of the state legislature. It is possible that the nomination of congressman and presidential electors will be postponed until a later date and that the present gathering will confine its work to naming delegates to Chicago. It is not expected that nominations will be reached until tonight.

Following the announcement of what precinct seven had done for the ring in giving it a big majority over the antis, the spirits of the ring men began to pick up, and assertions of claims for a sweeping victory were made. Jackson and Lea were the only two men that the ring would then concede would be elected.

Monday morning Jackson had a lead of 278, and a telegram that he and bridgers had carried Culberson county by a majority. What this majority is could not be ascertained at that time Lea was leading Davis by 458, and no doubt was entertained about his ultimate election.

James R. Harper, with a lead of 450 was conceded a victory over F. G. Morris, but Judge Motris declared he would have sufficient majority outside El Paso to overcome Harper's majority here. The following were the majorities Monday early: C. L. Vowell, 51; Richard Burges, 182; Peyton Edwards, 474; P. R. Price, 196; J. W. Eubank, 26; Park Pitman, 222; Will I. There is no truth whatever in that charge. Mr. Roosevelt and his associates know there is no truth in it, but they have been attempting by vociferation and reiteration, to be cloud the fact that they have no proof to offer. They would drown out all to establish the truth by persistent cries of thief and frand.

The returns from these precincts will materially change the race between Bridgers and Vowell, it is believed, putting Bridgers in the lead. Bridgers is 28 votes behind Vowell, but telegrams state that he has carried Culberson county by a 75 majority. This in addition to the returns from the still outstanding precincts, is expected to give him the election by a 8 good majority. The race that Vowell has made, based on the fact that he is almost a stranger in the county, is considered remarkable, both by the antis and the ring men.

Ware Calls It Anti-Victory.

A broken wire caused a long delay on the Boulevard line, one block east of the Sam Houston square Sunday night at 8:15 oclock. Just after the passing of one of the Boulevard-Myrtle cars, the wire snapped at an old switch which was used before the line was deubled on Boulevard. As soon as the wire had fallen, guards were stationed at the street corners to stop the street cars and traffic. Soon after the arrival of the supply wagon, however, the wire was repaired so that the cars could pass.
